*An Invitation
to the
Presidential \$1 Coin
Inauguration*

You are cordially invited...

...to join the United States Mint on a new journey through our Nation's history. You've traveled the country, quarter by quarter. Now meet its Presidents, dollar by dollar.

Beginning this year, a new series of \$1 coins will honor each of America's Presidents in the order in which they served. Four chief executives will be honored each year as shown on the bookmark below. The series will last at least until 2016.

As with all United States coinage, collectible versions of the Presidential \$1 Coins will be sold in both proof and uncirculated conditions, as well as in special collector sets. Each first spouse will also be honored with a 24-karat gold coin.

Collectible products featuring the Presidential \$1 Coins and the presidential spouse coins will be released throughout the inaugural year of this exciting series.

Stay up-to-date on the latest offerings by subscribing to our electronic newsletters at www.usmint.gov/email

*The journey begins
with the birth of a Nation.*

Washington. Adams. Jefferson. Madison.

The first time these four founding fathers came together, they started something big.

Gathered again in this collectible coin set, the first four Presidents will usher in the next generation of numismatic history.

PDO

This set contains the first four Presidential \$1 Coins, all struck multiple times with specially polished dies to create the brilliant, mirror-like background of a proof coin. Packaged in a protective lens, these coins have never been touched by a human hand. A Certificate of Authenticity, signed by the Director of the United States Mint, accompanies the set.

For the first time since the 1930s, coin inscriptions are cut into the edge of a circulating coin.

At only \$14.95, the Presidential \$1 Coin Proof Set is a great way to start a collection, for yourself or as a gift for coin collectors and history buffs alike.

To order your set today, visit our website at www.usmint.gov or call 1-800-USA-MINT (872-6468)
